THE SIXTY-SIXTH ANNUAL REPORT OF THE BOARD OF MANAGERS OF ST. LUKE'S HOSPITAL

For the year ending September 30, 1924

To the Members of the Society of St. Luke's Hospital:

The following tabulation exhibits the work of the Hospital in its various departments for the year and for comparison the figures of the previous year are included:

	1924	*1923*
Wards and Private Rooms		
Patients treated	7,996	8,329
Days of care	126,755	127,239
Out-Patient Department		
Patients treated	24,886	23,575
Visits made	107,275	98,718
Total patients treated in Hospital and Out-Patient Department	32,882	31,904
Social Service		
Patients treated	7,432	7,312
Total visits made	15,014	19,714

Not included in the above there were treated in the Radiotherapy Department 701 patients and in the X-Ray Department 492 patients, which would make the total of all patients cared for during the year 33,097. This makes the greatest number of patients treated in any year in the history of the Hospital. The slight reduction in the number of in-patients is due, for the most part, to the closing of the Pediatric Ward for several months for extensive alteration and repairs. The Hospital and Out-Patient Department are both taxed to their utmost capacity. 3,229 patients were reluctantly declined admission to the Hospital for lack of room, and we are constantly obliged to limit the number of accepted patients in the Out-Patient Department. The number of declined patients is increasing annually.

NEEDS OF THE HOSPITAL

This brings us to the first and greatest need, which is the completion of the Hospital. The first floor block plan of buildings on page 49 exhibits space for three additional pavilions. These should be erected without much further delay. To do this will require upwards of three millions of dollars and we have yet to get the money for the purpose. St. Luke's has the reputation of being a wealthier institution than it is. The Treasurer's report on page 26 shows the financial condition of the Hospital. For three successive periods we have completed the Hospital year with a small surplus. Previous to these periods each year was terminated with a deficit. As we are now able to provide for our current expenses, it is our desire to press forward to a larger work and more fully meet the constantly increasing demands that come to us.

CONVALESCENT HOME AND HOSPITAL

Another need which is more apparent each year is that of a convalescent hospital in the country where our patients can be sent in the early stages of convalescence and where patients having semi-chronic conditions can receive long periods of treatment and be fitted for occupations in keeping with their physical condition. There is a great opportunity for a fine humanitarian work in this line and your Board continues to cherish a confident hope that the means to build and maintain such a home will be provided.

SOCIAL SERVICE

This work develops into larger proportions each year. New workers have been added from time to time. We are greatly indebted to the group of women who have devoted themselves to the Service and who are achieving far reaching results in hospital social service. The major portion of the money used for the service is either donated or collected by its own members. We bespeak the interest of those who are philanthropically inclined for this work and hope that it may be placed on a permanent basis by endowment. It is now a self-evident fact that a hospital cannot properly function without a social service.

A comparative statement of receipts and expenses, volume of work, per capita cost for the last thirteen years is submitted and will be found on page 21.

The following resignation was accepted:

Dr. L. T. LeWald, Director, Roentgen-Ray Laboratory

Mrs. C. E. Bath, who had been connected with the Hospital for twenty-four years and Directress of Nurses since 1909, was constrained by reason of impaired health to present her resignation to the Board. The resignation was accepted with very deep regret and the Board adopted the following resolution:

Resolved, that the Board desires to place on record its sincere appreciation of the long, devoted and efficient service which Mrs. Bath has given to the Hospital, and its full recognition of the high standard attained and the splendid development of the Training School under her untiring leadership.

Miss Carling, who has for fifteen years been Assistant Directress of Nurses, was appointed to the position vacated by Mrs. Bath's resignation.

We record with profound sorrow the death of our fellow Managers, Walter P. Bliss and Henry C. Swords. Copies of the resolutions adopted by the Board concerning Mr. Bliss and Mr. Swords are appended to this Report.

We also record with profound sorrow the death of two members of the Medical Board, Dr. Beverly Robinson and Dr. B. Farquhar Curtis. Dr. Robinson was Attending Physician to the Hospital from 1879 to 1904, and Consulting Physician from 1904 to the day of his death, June 21, 1924. Dr. Curtis was Attending Surgeon from 1888 to 1908, and Consulting Surgeon from 1908 to the time of his death, August 5, 1924.

We desire to express our appreciation of the services of the Attending and Consulting Physicians and Surgeons of the Hospital who, as heretofore, have freely given of their skill and time to ward patients; and also to the doctors of the Out-Patient Department who have rendered service in that Department without financial remuneration.

By order of the Board of Managers,

STEPHEN BAKER,
President

EXTRACT FROM MINUTES OF MEETING OF BOARD OF MANAGERS HELD JANUARY 28, 1924

The Board of Managers records the death of Mr. Walter P. Bliss on January 10, 1924.

Mr. Bliss became a member of this Board on January 31, 1916, on October 28, 1918, was elected Treasurer of the Hospital and later a member of the Executive and Nurses Training School Committees, in which capacities he served continuously until his untimely death.

The Board takes this opportunity of expressing its appreciation of the faithful and intelligent service rendered by Mr. Bliss and of its deep regret for the loss to the Hospital of a good friend and a loyal supporter.

The Secretary was instructed to transmit a copy of the foregoing Minute to Mrs. Bliss.

EXTRACT FROM MINUTES OF MEETING OF BOARD OF MANAGERS HELD FEBRUARY 25, 1924

The Board of Managers records the death of Mr. Henry C. Swords on February 6, 1924.

Elected in October of 1907 he was at once appointed to the Auditing Committee, and in October of 1917 to the Executive Committee and his record of service is one of faithful and conscientious devotion to the best interests of the Hospital. To the formal performance of his duties, he added a personal and intimate relation with its affairs and was ever keen to assist in all matters which might increase its sphere of usefulness.

The Board hereby records its appreciation of his conscientious and valuable co-operation and instructs the Secretary to convey to his family its expression of sympathy.

REPORT OF THE COMMITTEE ON THE TRAINING SCHOOL FOR NURSES

For the Year Ending September 30, 1924

The Committee on the Training School presents to the Board of Managers the following report for the year:

The statistics for the year are as follows:

Directress	1
Assistants	5
Instructors	2
Head Nurses	25
Anesthetists	3
Out-Patient Department	2
Follow-up Nurses	2
Photographer	1
Radio-Therapeutic Department	1
Roentgen-Ray Laboratory	1
Letters of Inquiry	1,310
Application forms sent out	169
Application forms returned	114
Applications accepted	93
Probationers accepted	61
Probationers dropped	5
Pupils admitted	45
Pupils resigned	4
Nurses graduated	71
Present number of pupils	98
Present number of probationers	39
Present number of nurses from affiliating schools	7
Present number of post graduates	2

The graduation of the first class under the two and a half year course of training in place of the three year course caused a marked shortage of pupil nurses throughout the summer. A large number of students who, under the old system, would have finished their training in the autumn terminated it in the spring, and it was impossible to secure enough probationers at that time

to fill the existing vacancies. This created many problems, all of which were successfully met, and high praise is due to the officers of the Training School, the head nurses and the pupils for the fine spirit and the personal sacrifice in which the summer work was carried on. At this time there are twenty-seven student nurses less than at the same time last year. The supply will be ample, however, to fill the fall class and by the first of November the School will have its full quota of students.

The resignation of Mrs. C. E. Bath as Directress was a matter of very great and universal regret. Mrs. Bath had not only conducted the Training School and nursing with marked success, but she also instilled a spirit of high ideals in her pupils that will have a far reaching and lasting effect. The Hospital was fortunate in having an Assistant Directress of Nurses qualified to assume the responsibilities of the Directress. Miss F. Evelyn Carling was at once appointed to the office and we have every reason to feel that the high reputation of the Training School will be sustained and furthered under her guidance. Miss Elsie L. Burks, a graduate of the School, a former Instructor, and one who has gained distinction in the training schools of other institutions, was induced to return to St. Luke's and has been appointed Assistant Directress of Nurses.

Many of our graduates are filling important positions in other hospitals. Five of our graduates are in China, one in the Philippines, and three with the Near East Relief. Others are preparing themselves for public health work and for teaching in training schools. Several have received degrees and diplomas during the past year.

Nine nurses from other hospitals have been admitted within the year for experience in our methods of nursing. These nurses have aided materially in the care of patients. A group of students from the New York Training School for Deaconesses came to the Hospital daily for ten weeks during the summer for instruction in simple nursing procedures. They were of great assistance at a time when the student nurses were having their vacations.

On the evening of April 29th sixty-nine nurses were graduated. The Rev. W. Russell Bowie, D.D., delivered the address, the diplomas being presented to the members of the graduating class by the President of the Hospital.

The curriculum of the School is as follows:

PRELIMINARY TERM

Anatomy and Physiology
Bacteriology
Dietetics
Solutions
Theory and Practice of Nursing
Bandaging
Hygiene and Sanitation
Ethics and History of Nursing
Massage
Hospital Housekeeping

JUNIOR TERM

PASTOR'S REPORT

To the Honorable the Board of Managers:

Gentlemen:

During the past year, the usual religious services have been conducted by the Clergy. Each day begins with a brief service said in every ward, and closes with Evening Prayer in the Chapel at six o'clock. On Sundays, services are held during the morning in all the wards, and also in the Chapel at half-past ten o'clock. On the first and third Sundays of each month, and on all the principal feast days of the Church year, Holy Communion is celebrated in the Chapel, and the Sacrament is administered in each adult ward in rotation as frequently as circumstances permit and the spiritual needs of the patients require. Opportunity is given all patients to receive privately whenever they desire.

The Assistant Pastor makes daily rounds in the wards following morning services, and visits the patients at other times as requests are made. The Clergy are always glad to visit patients when asked to do so.

The Pastor desires to record his grateful appreciation of the prompt response to the almost daily requests made by him and the Assistant Pastor for ministration to patients by their own Clergy and by the Clergy of the neighboring Roman Catholic parish of Notre Dame.

The following are the pastoral statistics for the year:

Baptisms	14	
Marriage	1	
Funerals	61	
Holy Communion:		
In Chapel	30	
In wards	80	(786 communicants)
In private and extremis	348	

Through the courtesy of Mr. Edwin S. Gorham, Secretary, the New York Bible and Common Prayer Book Society made the Hospital a grant of one hundred Prayer Books and one hundred Hymnals. At the beginning of Lent, the New Hymnal authorized by the General Convention was adopted for use in the Chapel.

The Pastor once more desires to thank the New York Altar Guild for their interest and generosity in again providing Communion wafers for the Chapel and ward services during the year, and a number of small articles for the altar, also two dozen crosses for use in the wards at the celebration of the Holy Communion.

The Library is increasingly a center of interest to the patients. The Committee of volunteers from the Junior Auxiliary of the Social Service Department have continued their very efficient work in caring for the Library and distributing reading matter to the patients and securing a large number of donations of new books. It would be impossible to over-state our appreciation of the efforts and self-sacrifice of these young women in devoting so much of their time to this very useful work.

The Pastor's Fund for the year has been administered as follows:

ENDOWMENT OF BEDS

A bed in an adult's ward may be endowed by the payment of a sum not less than $7,500.

A bed in a child's ward may be endowed by the payment of a sum not less than $5,000.

The annual income of such endowment shall be applied to the cost of maintaining a patient upon the bed endowed so far as such income will suffice to pay such cost; and the founder and a successor named by him shall have the right of nomination.

The annual charge towards the support of an adult's bed is five hundred dollars, and towards a child's bed three hundred dollars.

CIRCULAR OF INFORMATION

OF ST. LUKE'S HOSPITAL TRAINING SCHOOL FOR NURSES NEW YORK

History of the Training School. The St. Luke's Hospital Training School for Nurses was organized in the year 1888 for the purpose of preparing young women for the profession of nursing the sick.

Since its organization the Training School has undergone many changes and improvements as times and conditions have varied. The Hospital has been steadily increasing in capacity and improving in equipment and the Training School has kept pace with it until today it offers all of the most desirable advantages and opportunities that an earnest and energetic young woman could wish when seeking to prepare herself for this most important and noble life work.

In 1905, in accordance with a State law, the Training School was registered with the Regents of the University of the State of New York, thus being placed in the ranks of officially recognized training schools in the State.

Equipment for Instruction. St. Luke's Hospital is a large general hospital of 400 beds with medical and surgical wards for both adults and children, gynecological, orthopedic, eye, ear, nose and throat services. The Private Pavilion, with a capacity of 65 patients, is splendidly equipped with all the first-class modern conveniences. The Out-Patient Department has recently been housed in a new building with an equipment that is complete and superior in all respects. The Diet Kitchen and Operating Rooms, with competent instructors in charge, afford generous opportunities.

These departments are all open to the pupils for instruction, and each one is given her course of training in them as the requirements of the institution dictate or permit.

The Hospital has no maternity wards, but an affiliation exists with the Sloane Hospital for Women and the New York Nursery and Child's Hospital, both in the city, at one of which each nurse

is required to take a three months' course at some period during her training.

The Hospital furnishes two well-equipped class rooms for the use of the pupils, one for recitations and lectures and the other for demonstration purposes. Also, the Training School possesses a reference library which contains a variety of standard reference and text books. This is at the service of the pupils, and enables those who are ambitious and energetic to do advanced collateral reading and study.

Government. The Training School is under the same government as the Hospital, the Board of Managers of the institution having final jurisdiction over it. A special Training School Committee exists within the Board of Managers.

The officers of the Training School proper are a Directress of Nurses and an Assistant Directress of Nurses. The Directress of Nurses has the power to make all appointments of candidates for the School, and to determine the qualifications of probationers for the work, and the propriety of retaining or dismissing them during their probationary term. The reasons for rejection are not given, neither are letters addressed personally to the authorities of the School returned.

The right is reserved by the Hospital to terminate the connection of any pupil with the School for reasons which the Hospital may deem sufficient.

Discipline. The rules of the Training School are such as any self-respecting, earnest woman will recognize as embodying only those requirements that are fair and necessary in an institution of this kind. These are made known to the pupil upon her arrival, and she is responsible to the officers of the Training School for her conduct while in training.

Length of Course. The course of training covers two years and six months from the date of entrance. The first six months of this period will constitute a Preliminary Probationary Term.

Requirements for Admission. Pupils are admitted regularly in classes in the spring and autumn.

Applications must be made either in person or through the printed "Form of Application" to the Directress of Nurses. If possible an appointment should be made for a personal interview, the Training School office hours being from ten to twelve o'clock on Tuesday, Thursday and Friday.

Applicants must at least possess a high school diploma or its equivalent, and women of higher education will be given preference.

Candidates should be from twenty to thirty-three years of age.

Appointed Candidates. Accepted candidates are nominated in order on a waiting list according to the needs of the Training School. When called they are expected to report promptly, and to bring with them the means of returning to their homes should they not successfully pass their probationary term.

Any change of plan or address on the part of the candidate whose name is on the waiting list should be immediately reported to the Directress of Nurses.

Acceptance into the Training School. At the close of the Preliminary Term each probationer, who has successfully passed the required examinations of the course, and who has given satisfaction in all other respects, will be accepted into the Training School upon signing a written agreement to remain in the School for the remainder of the term, and to conform to its rules and the rules of the Hospital.

Nurses, after they have been admitted into the Training School, are required to wear the Training School uniform while on duty.

Expenses. A fee of $25.00, payable upon entrance, is required of all students. This fee will not be returned.

No salary is paid the pupils. The Hospital supplies the uniforms for all nurses who have been accepted into the Training School, but probationers must furnish their own uniforms in accordance with specifications which will be furnished them upon their appointment.

Text books, board, lodging and laundry are furnished by the Hospital for all nurses and probationers.

The uniforms and text books given the nurses belong to the School and must be returned in case a pupil leaves or is dismissed during her course of instruction.

Hours of Duty. The hours of duty are fifty-four hours weekly for the day staff, and ten hours nightly for the night staff. Nurses are allowed one afternoon each week and half of Sunday off duty. These hours are subject, however, to the requirements of the Hospital work.

Vacations and Leaves of Absence. A vacation of three weeks

is allowed each year. Pupils will not be allowed, during their course of instruction, to nurse sick relatives at home, nor to absent themselves for other personal reasons. Absences are not allowed except for extreme cause. If a nurse is absent for a period exceeding 4 weeks she will lose her class position in the School but may enter the succeeding class, unless such absence exceeds 4 months, when she will forfeit her membership in the Training School. If readmitted, she must begin her course anew. This rule may be modified by the Training School Committee.

All time lost for any reason must be made up.

Illness. In illness pupils are cared for by the Hospital, receiving the professional services of the Training School Physicians.

Records. Careful and complete records of class work, examinations and general deportment of pupils are kept on file in the Training School office.

Examinations. Written or oral examinations, with practical tests, are required at the close of each course of study. Any pupil failing in a subject will be required to take it again the following year.

Final examinations are conducted by a Committee of the Medical Board.

Graduation. A course of two years and six months of study and experience, including the probationary period, is required for graduation. When the full term is completed, and the pupils are regarded as thoroughly qualified, they receive, if their conduct and examinations have been satisfactory, diplomas certifying to the fact, after which they are at liberty to choose their own field of labor.

Formal graduation exercises are held in the Chapel of the Hospital at the close of each school year.

Religion. The religious services of the Hospital are those of the Protestant Episcopal Church, and the pupils of the School are expected to attend these services regularly.

Services are held in all the wards of the Hospital each morning, and Evensong at 6 o'clock each evening in the Chapel.

Nurses' Home. The nurses have as their exclusive home the *Vanderbilt Pavilion of the Hospital.* This is a large, light and airy building equipped with all modern conveniences and comforts, having, in addition to the nurses' rooms and baths, etc., a

parlor on the first floor comfortably furnished for the entertainment of friends; a dining room on the sixth floor; night nurses' quarters on the seventh floor; and on the eighth floor a large bright solarium and club room, in which the nurses are also provided with a library.

The comparative isolation of the Nurses' Home from the Hospital proper makes it possible for the nurses to enjoy complete relaxation and a generous amount of recreation when off duty.

ADMISSION OF PATIENTS

DISEASES TREATED

All kinds of *acute, curable, and non-contagious* diseases are treated in the wards. Sufferers with chronic and incurable complaints are received and retained at discretion, but not permanently provided for. None are received as patients, who, from the nature of their ailment, would occasion discomfort to their neighbors. The following are inadmissible: Sufferers from contagious diseases, cancers of an incurable and offensive nature, epilepsy, opium habit, delirium-tremens, insanity, and venereal disease.

MODE OF APPLYING

Applications received in person daily (except Sunday) from 10 a. m. to 5 p. m. Cases of sudden injury requiring immediate care received at any hour, and, if need be, without charge.

Applicants *from the city,* too sick to apply in person, will be examined by a physician at their residences.

Applications from *out of the city* should be made in writing to the Superintendent. Such communications should enclose a written certificate from a regular physician as to the applicant's disease, present condition, and symptoms and it should state whether bed in general ward or private room is desired. If latter, at what price.

Applicants from out of the city requiring *medical* treatment ordinarily are not received.

Applicants requiring *surgical operations* not obtainable at home are admitted from any part of the country.

RATES OF BOARD

GENERAL WARDS

Board of patients in general wards per week is $17.50 for adults and $8.75 for children (under twelve years of age), payable two weeks in advance. Unexpended portion of payment is refunded at the same rate on patient's discharge.

Applicants applying for *free* treatment in whole or in part must be suitably certified as unable to pay Hospital rates, and as worthy objects of charity.

PRIVATE ROOMS

The charitable work of the Hospital is done in the general wards. The income from board and nursing of private patients is applied toward making up deficiency of revenue and to the support of the increasing charity work of the general wards.

PRICES OF PRIVATE ROOMS

Single rooms $4 to $15 per day, which does not include Attending Physicians' or Surgeons' fees.

Hospital charges in private rooms invariably must be paid two weeks in advance and any unexpended balance will be refunded at the same rate on the patient's discharge.

The Superintendent is authorized to make special terms for patients in private rooms requiring extra nursing or expensive medical and surgical supplies for their treatment.

House Physicians and Surgeons are at all times within call, at discretion of nurse.

Diet is regulated by Physician's orders, and meals are served at regular hours.

AS TO FEES

No officer, nurse, or servant is allowed to receive any fee or gift from a patient.

PROFESSIONAL SERVICES OF PHYSICIANS AND SURGEONS

The Physicians and Surgeons give their professional services without salary to the Hospital, under the following terms and conditions:

1. They will not receive professional fees under any circumstances from any patient occupying a bed in the wards of the Hospital; neither will they expect to receive such fee from any patient occupying a private room, provided, that in the opinion of the Hospital authorities, ability does not exist on the part of such patient to pay for the services of the attending physician or surgeon, besides paying first the Hospital charges for board and nursing.

2. The attending and consulting physicians and surgeons are expected to make definite private arrangement as to their professional fees with those patients whom they recommend to the Hospital authorities for their private treatment, *before* such patients are sent to the Hospital.

3. The Hospital authorities protect their own staff from misuse of their charitable services, by recommending any applicant who applies directly to the Hospital for the use of a private room to any member of the Attending or Consulting Staff whom they may select that the above arrangements may be made.

4. The physicians and surgeons treat patients in endowed private rooms under the same rules as apply to patients in other private rooms, giving their services without fee only to those who are unable to pay it, besides helping the Hospital rate for board and nursing.

RULES FOR PATIENTS

All patients admitted to the Hospital will be required to conform to the rules of the house. Patients are expected to show a readiness to oblige one another, remembering that they have voluntarily come into a household of which the great law is that of mutual kindness and brotherly love.

1. Profane or indecent language, irreverent behavior at the services of religion, the expression of immoral or infidel sentiments and the like, are offenses for which a patient will forfeit his place in the Hospital. There must be perfect silence in the wards during the religious services, and during the doctor's regular professional rounds. Loud talking, reading aloud, or calling across the ward are not allowed at any time.

2. Patients are not allowed to leave the wards to which they respectively belong, except for the corridors attached to their wards, and the Chapel, without permission. When desiring to go beyond the bounds of the Hospital, patients must obtain a pass and leave it at the Office. Monday is the regular "passday." Passes are not granted on other days except for special causes, when they must be indorsed "approved" by the Superintendent.

3. All wines, spirituous liquors, medicines, fruits, food or delicacies of any kind except those prescribed and furnished by the Hospital or furnished by express permission of the Hospital authorities are strictly prohibited. Any patient receiving such articles irregularly through his friends will make himself liable to discharge. Only such books, pamphlets, newspapers and packages are allowed in the wards as are approved by the Superintendent. Orders for daily papers are received and executed through the Office. Newsboys or other vendors are not allowed in the buildings.

4. No patient may purchase, or procure any members of the Household to purchase for him, any articles whatsoever without leave to that effect.

5. Patients are expressly forbidden to spit anywhere except in their spittoons, nor shall they use chewing tobacco without the permission of the House Physician or Surgeon.

6. Patients must not open or shut any window or register of a ward at their own option.

7. The hour for patients in wards to retire to their beds is 9 p. m.

8. The Hospital will not be responsible for any property belonging to patients; but there is a safe in the Office where money and valuables may be deposited, for which articles, when so deposited, a receipt will be given.

9. When a patient desires the visit of a clergyman not in the house, he must signify the same to the Pastor, who may, at his discretion, invite the clergyman, with the understanding that he will confine his visit to the person desiring to see him.

REGULATIONS FOR VISITORS

1. Visitors desirous of seeing the institution will be admitted daily (Sunday excepted), between 9 a. m. and 12 m. and between 1 and 5 p. m.

2. The friends of patients are admitted to the general wards, from 1:30 to 2:30 p. m. on Tuesdays and Fridays, and on Sundays from 2 to 3:15 p. m.

3. Women visitors, unless near relatives, are not admitted into the men's wards, nor men visitors into the women's wards.

4. All visitors are respectfully requested to leave when the chimes are rung at the expiration of the visiting hour.

5. The cards of visitors to private patients will be taken to their rooms, under restrictions imposed by the attending doctor, daily from 10 a. m. to 1 p. m., from 3 to 5, and from 7 to 8 p. m. Such visitors will be expected to leave the rooms of their sick friends during the doctor's visit. They are to leave before the doors of the Hospital are closed at 9 p. m.

6. In case of extreme sickness special passes will be granted to the immediate relatives of the sick patient.

7. No fruit, liquors, or delicacies of any kind whatsoever may be taken by the friends of patients into the wards or private rooms. All such articles must be left at the Office, and, if approved by the doctors in charge of the patients for whom the articles are intended, will be delivered.
